

Strain Relief Boot

Overview

Designed for hassle-free installation, this snagless boot cover is compatible with RJ45 connectors measuring 6.0/7.0mm in outer diameter. Its primary function is to safeguard the plug clip from potential damage when cables are maneuvered through bundles. This accessory is suitable for use with Cat5E, Cat6, and Cat6A patch cables, offering an ideal solution to prevent release tabs from breaking off.

⚙ Features

- Protect the connector
- Prevent tangled messes
- Eliminate broken release/locking tabs
- Relieve stress on cable
- Help maintain radius bend
- Color code designated
- Cover the external ground on shielded connectors
